we never play kissy-face in front of strangers  
we never run to each other in slow motion  
no rolling around on the shore with sand between our  
toes  
but i guess this is

a different kind of wonderful  
we're in love in the real world  
it's not what i thought it would be  
but i can't let this go  
a different kind of happiness  
doesn't get more real than this  
it's not what they said it'd be  
but i can't let this go

i didn't see anything in you when we first met  
when i believed i would fall in love at first sight  
night after night we bared our souls over coffee  
now i know i love you

a different kind of wonderful  
'cause we're in love in the real world  
it's not what i thought it would be  
but i can't let this go  
a different kind of blissfulness  
we can't get more real than this  
it's not what they said it would be  
but i can't let it go

i never saw the fireworks  
the stars didn't fall from the sky  
but this is more beautiful than a quick flash

i never saw a rainbow  
the stars didn't fall from the sky  
but this is more meaningful than a quick flash

a different kind of wonderful  
we're in love in the real world  
it's not what i thought it would be  
but i can't let this go

a different kind of happiness  
it doesn't get more real than this  
it's not what they said it would be  
but i can't let this go  
no i can't let it go  
no i can't let it go
