Danny says he sees the sky right through the ceiling
When we're lying close together on the floor
Says it comes right down and leaves him with this
feeling
Always begging him to ask for something
More from life ~ more from love
More

Chorus:
He's got a dream of Paradise
The perfect scheme for Paradise
And I won't give up on him now
Ahhhh Ahh

Danny says he always knows what I am thinking
All he has to do is listen to my mind

Says it cries all night whenever I am sleeping
Always begging me to ask for something
More from life ~ more from love
More

He's got a dream of Paradise
The perfect scheme for Paradise
And I won't give up on him now
Ahhhh Ahh
