"Sorry For The Rain"

The rain came down,
You followed your heart.
It took you away
And I hope that you found shelter on your own.
I could never blame you,
How could you have known
The storms I held inside?

I'm sorry for the rain I gave you.
I'm sorry for my tears of confusion.
And the pain I claim
Is all my own.
So sorry for the rain.
So sorry for the rain.

So many miles I put between us.
So many answers I'll never find,
Cause theres so much I could give you.
Still I hide.
You tell me, I decieved you,
But you will never know
The love that I denied.

I'm sorry for the rain I gave you.
I'm sorry for my tears of confusion.
And the pain I claim
Is all my own.
So sorry for the rain.
So sorry for the rain,
And the dark clouds from me
Before I found you.

I'm sorry for the rain I gave you.
I said, I'm sorry for my tears of confusion.
And the pain I claim,
Is all my own.
So sorry for the rain.
So sorry for the rain.
