"Turn Around"

We are oil and water
Lately we don't seem to mix
I feel we are getting closer
To being torn apart
If you love me at all

Then turn around
Turn around
Turn around -my heart is breaking on my sleeve

Four-eyes, just focus
It seems hopeless
But it's all so clear

You gotta' turn around
Turn around
Turn around -my heart is breaking
Don't you see?

Please turn around
Turn around
Turn around my heart is aching for you
Hey turn around
Turn around
Turn around -my heart is breaking
Four-eyes, can't you see?
