Come on back to the scene you started
Got your head on the window, slanted
Sight of your skin it says it ah-hah-hah-hah-hah, all
At the back of the red container
I pray that a black hole take her
Gone from sight and
Never back and
Never back

Go and pack away, I waste away
Go and pack away, I waste away
Go and pack away, away, away
Go and pack away, I waste away
[x2]

Instrumental break

Sat alone 'til the lightning got me
Something I can't just say softly
I'ma set the height and keep you uh-huh-huh-huh-hup,
oh
At the back of the red container,
I pray that the lightening take her
Gone from sight and
Never back and
Never back

Go and pack away, I waste away
Go and pack away, I waste away
Go and pack away, away, away
Go and pack away, I waste away
[x2]

Long instrumental break

Go and pack away, I waste away
Go and pack away, I waste away
Go and pack away, away, away
Go and pack away, I waste away
[x4] *Starts looping itself after 2nd repetition*

Instrumental to end
