When the light's out  
and all of the fracturing starts  
You're just paying  
for some action you lost in the dark

You come down, holding tight, to the railing on the side  
You stayed up, left to dry, Now you're crumbling

Now your guard's down  
and all of your timing has gone  
You were patient  
'till earth swallowed the last of the sun

You come down, holding tight, to the railing on the side  
You stayed up, left to dry, Now you're crumbling

It's not complex, see all of the signs flashing on  
You're just paying, for all of the bad you have done
