And so far we had someone  
That doesn't work for everyone.  
But I'm thinking this could be the one,  
If we put our minds to it.

And I came round today,  
So I had so much to say;  
And I know you hate seeing me this way,  
But I'm having fun.

You realise, you realise;  
It's real life, it's real life.  
You realise, you realise;  
It's real life, it's real life. (x2)

Trying to prove you're alright;  
And losing track of the time.  
Even when the Summer's passing by.

And bringing it down to focus;

And try to bring it down but I'm hopeless;  
And we should write this down, so we can remember it.

And yes there was a time  
When we were two of a kind,  
but now I can't even remember why.

You realise, you realise;  
It's real life, it's real life.  
You realise, you realise;  
It's real life, it's real life.

Trying to prove you're alright;  
And losing track of the time.  
Sixteen is on the side.  
Don't waste anytime inside.  
Even when the Summer's passing by
