You don't know anything. You don't know anything  
about me.  
Once it starts, it never stops.  
Discipline, it's all I'm not.  
Can't help myself, you listening?  
Why can't I say, just what I want?  
Steady damage, cross the line.  
What's become clearly defined.  
Chain me up, hold me down.  
Just let me go, there's always more.  
I want it all, excluding you.  
Losing control, so construed.  
All that is done is left behind.  
You had it all now I got mine.  
I can't wait to see your face when I make it without you.  
Nothing seems to go your way, you'll never amount to  
shit.  
Get away, get away from me.
