Can you jam? With all the freaks tonight
Can you jam? Just rock your body right
Can you jam? Cos I just got to know
Can you jam? Can you jam?

If you wanna party here comes the funk
Five got the flava so just give it up
I can keep it coming if you got time
I can keep a swingin' but you gotta make up your mind

Bridge:
If you're a freak
If you got the vibe
If you wanna rock tonight

Chorus:
Can you jam? (Can you jam with all the freaks tonight)
Can you jam? (Can you jam just rock your body right)
Can you jam? (Can you jam cos I just got to know)
Can you jam? (Can you jam? Can you jam?)

Baby gotta check it the funk that I got now
Make you wanna drop when I hit the right spot now
Put 'em all up throw your hands in the air
You know you wanna get down so move it over there
(over there)
Level with whack drop phatness on a track
So gotta move the body if you wanna party
Gotta get raw the rugged beats that we slam
Baby baby baby now I know you can jam

If I'm getting freaky it's cos you look fine
And baby if you wanna we can spend some time
I can dig deeper, uh, than to the bone
I can sing a sweet love but girl I've got to know

(Bridge)

(Chorus)

Ah, rewind rewind got the funk for your mind

Now there's no contest because we're one of a kind
Keep kicking the fab flows cos we gotta
Try to make you hotter make you move a lotta
Five live in your town you gots to boogie down
Let your legs snap gotta move it all around
Make you move feets gotta clear seats
Cos it's a night for the freaks when you
Wanna keep bringing flows that you feelin'
Make you wanna jump up to the ceilin'
Kick back you gotta let you head bump
We'll take you on a ride with the rugged raw funk now
(Uh break it down Five)

Jam (4x)
Can you jam?
Can you jam? With all the freaks tonight
Can you jam? Just rock your body right
Can you jam? Cos I just got to know
Can you jam? Can you jam?

(Repeat chorus till fade)
