Ah I remember the time
Banging and shouting
Like a kid gone wrong
'Course it was all your fault
But I'm better now
'Blam!' that's where I kicked
Her in the head
That is.

Ah I remember the time
Banging and shouting
Banging and shouting
That's all I knew
But I'm better now
I only take it out on
Housewives now I do.
Banging and shouting
Banging and shouting
That's all I've known
Since I've known you

Two mental cases together
Imagine it
What a life - eh?
Ah I remember the time
Banging and shouting
Like a kid gone wrong
'Course - it was all your fault
But I'm better now
'Blam!' that's where I kicked
Her in the head
That is.
Bamging and shouting
Banging and shouting
That's all i've known
Since I've known you...
SAFETY PIN STUCK IN MY HEART
