We're used, abused
Kiss your pretty feet at every command
Used, misused
Talk to each other but we don't understand
Losing time and patience and respect
And everything else
'Cos you are the boss
Of your everyday slaves
and we're tired and we're hungry
So set we free, set we free
Set we free, set we free
You're the boss of the office
You're the boss of the shop
You're the boss of the factory
You're the man with the cars
You're the man with the houses
You're the man with the family
We've seen your ugly face day after day
Staring from a limousine
We've heard your ugly voice, time after time
Saying to be good, to be nice, to be clean
And we're used, abused

Washing up your dirties and making excuses
Losing time
And patience and respect and everything else
'Cos you are the boss of your everyday slaves
And we're tired and we're hungry
So set we free, set we free
Set we free. set we free
We're used, abused
Kiss your pretty feet at your every command
Used, misused
Talk to each other but we don't understand
Losing time and patience and respect
And everything else
'Cos you are the boss
We are the slaves
And we're tired and we're hungry
So set we free.
