There's something bout your eyes
That makes me search my soul
They make me try to realise
I'm trying to be a better man

You got to know what's on my mind
I will give you all my time
Oh I feel for you baby, Yes I do
All I want is you

And when I search my soul I find
A better place
To be around
I'm trying to tell you what's on my mind
But will I make it through in time

And when I search my soul I find
You make me wanna be yeah
A better man

I've never felt so in love
The way I feel
When you touch
Although it doesn't sound that much
All I have to do is look in your eyes

You gotta know what's on my mind
I will give you all my time
I feel for you baby, yes I do
All I want is you

And when I search my soul I find
A better place
To be around
I'm trying to tell you what's on my mind
But will I make it through in time

And when I search my soul I find
A better place
To be around
I'm trying to tell you what's on my mind

You make me wanna be, yeah
A better man,
Alright

I wanna take you higher
I wanna reach for the sky
I wanna show you fire
I'll never tell you goodbye
[2x]
You're on my mind

And when I search my soul I find
A better place
To be around
I'm trying to tell you what's on my mind
But will I make it through in time

And when I search my soul I find
A better place
To be around
I'm trying to tell you what's on my mind
You make me wanna be, yeah
A better man.
