Yo I'm a battlestar knight like I'm Jedi
Rough to the tough but I'm sharper
Than the gleam in your eye
Galactic battlestar like I'm ready
Read for the 1 2 check get steady
On your marks set
Your best to throw your hands high
Heads to the sky keep your eyes peeled
Listen for the sign
A trip stage walk wire I bring fire
I'm done yo cause there can only be the one

How many times does it sound like this
Here we some again the microphone specialists
Action time take back the track rewind
Sing it for me one more time

If you feel the force
Throw your hand up to the sky
Put your hand up get em up
Put your hands up
If you wanna jump we can give you what you want
Put your hand up get em up
Put your hands up
If you feel the force throw your hands to the sky
Put your hand up get em up
Put your hands up

If you wanna jump we can give you what you want
Put your hand up get em up
Put your hands up

I lead the packs like Bruce Wayne lead da batz
Rocking top hats with my verbal attacks
Yo when I raps boogie down
Can you hear the bell tower ring when
You're time travelling from the funk
That I bring fly with me
I'll take you higher when I'm walking
Over fire, come and follow the messiah
I run jump skips over battleships

Doing lyrical backflips on the stage that I rips

If you feel the force
Throw your hand up to the sky
Put your hand up get em up
Put your hands up
If you wanna jump we can give you what you want
Put your hand up get em up
Put your hands up
If you feel the force throw your hands to the sky
Put your hand up get em up
Put your hands up

How many times

If you feel the force
Throw your hand up to the sky
Put your hand up get em up
Put your hands up
If you wanna jump we can give you what you want
Put your hand up get em up
Put your hands up
If you feel the force throw your hands to the sky
Put your hand up get em up
Put your hands up
