Everyday I got you on my mind  
Everyday I just keep it all inside

You got me trippin'  
Because I want you bad  
And you don't know  
But if you give me a chance  
Oh baby we'd find romance  
Come and tell me are you ready to go

You got me trippin'  
Now baby tell me what I gotta do  
'Coz when I'm layin' in my bed  
And you pop into my head  
All I wanna do is get with you

Everyday round and round  
I think about the times and the love I've found  
Oh baby, baby  
Everyday round and round  
My head is in the clouds and it won't be comin' down  
Oh baby, baby

Everyday I just can't find the time  
I just wanna say  
A girl like you is hard to find

You got me trippin'  
Because I want you bad  
And you don't know  
But if you give me a chance  
Oh baby we'd find romance  
Come and tell me are you ready to go

You got me trippin'  
Now baby tell me what I gotta do  
'Coz when I'm layin' in my bed  
And you pop into my head  
All I wanna do is get with you

Everyday round and round  
Think about the times and the love I've found

Oh baby, baby  
Everyday round and round  
My head is in the clouds and it won't be comin' down  
Oh baby, baby

Well there she goes again  
Running circles round my mind  
Yeah I know just what you're sayin'  
But you know the girl is mine  
Well maybe I can get her  
If I show her what I got  
What you got?  
I got double c'mon give it a shot  
You trying to take my girl  
Trying to mess around with Mrs. Right  
No, but how can I be happy  
When I dream of her at night  
There she is up in my head  
Every time I close my eyes  
So I think I'm gonna call her  
Just to see if she replies

You got me trippin'  
Because I want you bad  
And you don't know  
But if you give me a chance  
Oh baby we'd find romance  
Come and tell me are you ready to go

You got me trippin'  
Now baby tell me what I gotta do  
'Coz when I'm layin' in my bed  
And you pop into my head  
All I wanna do is get with you

Everybody round and round  
I think about the times and the love I've found  
Oh baby, baby  
Everyday round and round  
My head is in the clouds and it won't be coming down  
Oh baby, baby

Everybody round and round  
I think about the times and the love I've found  
Oh baby, baby  
Everyday round and round  
My head is in the clouds and it won't be coming down  
Oh baby, baby
