I gotta find a way, to find a better day without you  
And thoughts are hard to say, I miss you everyday  
Now you're not here with me  
I never thought that you would leave me  
Oh, I know the time will make it easy, baby

And you'll never know how much I'm missing you  
And all other things that I've been going through, ohh  
ohh  
And you'll never know how I got through it all  
Now baby, I'm invincible, ohh ohh

Like sunshine after rain, I'm on my own again without  
you  
I've had to let you go, I wanted you to know  
That I'm still here for you  
It doesn't work when we're together, no no no no  
Just good friends will last forever, baby

And you'll never know how much I'm missing you  
And all other things that I've been going through, ohh  
ohh  
And you'll never know how I got through it all  
Now baby, I'm invincible, ohh ohh

You never told me it would end this way  
And I never said, "It was okay"  
And I never told you to leave today  
How could you leave me on my own?

You'll never know how much I'm missing you  
And all other things that I've been going through, ohh  
ohh  
And you'll never know how I got through it all  
Now baby, I'm invincible, ohh ohh
