Chorus:

It's the things you do
That have made me fall
So in love with you
You can have it all
What else can I do
Nothin' left to prove
It's the things you do

(It's the things you do)

You touched my love line
So deep inside
I never thought I'd feel so good
Oh no
No need to hide now
Open up your mind now
Let me make it understood

Bridge:

Cos nobody ever said to me
All of the things we shared within
Now that I know that you can see
Let me fill you up

(Chorus)

Just like the rain falls
Let's take it real slow
It's the season about love
I just can't wait no more
Need you right here right now
Be my only all in all

(Bridge)

It's the things you do
That have made me fall
So in love with you
You can have it all
What else can I do (what else can I do)

Nothin' left to prove (baby nothing left to prove)
It's the things you do
That have made me fall
So in love with you
You can have it all
What else can I do
Nothin' left to prove
(It's the things you do)
Give me a chance and let me in
There's no need to hide what's there within
Now that I know that you can see
Let me fill you up
You got that Midas touch
I love you more than enough
For all the things that you do
It's the things you do
So in love with you
You can have it all
What else can I do
Nothin' left to prove
It's the things you do
