Now and forever (untill the time is through)
I can't believe it,
don't know where to start (no baby)
So many questions deep inside my heart
Give me a moment before you go,
there's something you want to know

*

baby now and forever untill the time is through
(untill the time is through)
I'll be standing here
waiting and never give up my faith in you
(give up my faith in you)
Trying to make it clear
without your love I'll be half a man
maybe one day you will understand
now and forever untill the time is through

I'll be waiting

How can I tell you so that you can see
(you know that)
Life has a meaning when you're here with me
(when you are here with me baby)
Give me a moment before you go
there's something you want to know

*

baby now and forever untill the time is through
(untill the time is through)
I'll be standing here
waiting and never give up my faith in you
(give up my faith in you)
Trying to make it clear
without your love I'll be half a man
maybe one day you will understand
now and forever untill the time is through

bridge

There is no one to comfort me
here in my cold reality
I'm searching for words

what can I say
to make you see
(to make you see)

baby now
untill time is through
(untill the time is through)
I'll be here
baby now untill time is through
(give up my faith in you)
I'll be here

*

baby now and forever untill the time is through
(untill the time is through)
I'll be standing here
waiting and never give up my faith in you
(give up my faith in you)
Trying to make it clear
without your love I'll be half a man
maybe one day you will understand
now and forever I'll be here for you
untill the time is through
