Yo, I've got a little story that I'd like to address
To individuals, gotta get it off my chest
It ain't about who's the best
Or Five being better than the next
We're just a little different from the rest
Cos see, we got each other
When things go down
And time is just too important to be messin around
So understand not what i'm trying to say
But appreciate living life day to day

So how does it feel to be the only ones
Left out in the rain cos you're phoney ones
Wake up and realise what you live is a dream
Ain't gonna be there for long even though it may seem
Like a never ending story
You in it for the money or the glory
Open up your ears or ignore me
All I'm tryin' to do is be the man I am and be the best in
this world I can

Reminiscing bout the time we used to share
If you feel it throw your hands up in the air
Time is running out, memories die
Keep movin on
Gotta keep movin on

You got to open your mind up and kick both your feet
up
I'll hit you with a tale of how the five of us were meet up
We're just five guys who wanna rise to the skies
No we got a vision in our eyes
Now people wanna step up and try to hold us back
They wanna try to stop us getting freaky on this track
But this is how we kick it and this is how we swing
And this is how I hit you with the funk that I bring
Now you gotta select to connect not disrespect
And you gotta learn to keep your negativity in check
Cos everybody knows what goes around comes around

I'll put it down with my sound

Reminiscing bout the time we used to share
If you feel it throw your hands up in the air
Time is running out, memories die
Keep movin on
Gotta keep movin on

Reminiscing bout the time we used to share
If you feel it throw your hands up in the air
Time is running out, memories die
Keep movin on
Gotta keep movin on

Reminiscing bout the time we used to share
If you feel it throw your hands up in the air
Time is running out, memories die
Keep movin on
Gotta keep movin on

Reminiscing bout the time we used to share
If you feel it throw your hands up in the air
Time is running out, memories die
Keep movin on
Gotta keep movin on

Reminiscing bout the time we used to share
If you feel it throw your hands up in the air
Time is running out, memories die
Keep movin on
Gotta keep movin on...
