You were down and I wasn't around  
So I just wanna let you know how I feel  
I guess, I know that you're needing me now  
I wanna be there but I just don't know how

What was I gonna do 'cause you was there when I  
needed you  
And now I'm feeling down 'cause you need me and I'm  
not around  
Tell me can I make you see, make you feel and believe  
in me?  
I don't know what it is but I need to let you know, girl

If you wanna, then baby, clap your hands now  
If you're gonna, then I can show you how  
'Cause I can give you everything that you'll ever need  
So, baby, take your chances on me

Now that I've just realized  
That I haven't really been there for you  
I promise you I know how you're feeling  
And I'm understanding what I should do

What was I gonna do 'cause you was there when I  
needed you  
And now I'm feeling down 'cause you need me and I'm  
not around  
Tell me can I make you see, make you feel and believe  
in me?  
I don't know what it is but I need to let you know, girl

If you wanna, then baby, clap your hands now  
If you're gonna, then I can show you how  
'Cause I can give you everything that you'll ever need  
So, baby, take your chances on me

If you wanna, then baby, clap your hands now  
If you're gonna, then I can show you how  
'Cause I can give you everything that you'll ever need  
So, baby, take your chances on me

What was I gonna do 'cause you was there when I

needed you  
How can I let you know that I need you so and I can't let  
go  
Tell me can I make you see, make you feel and believe  
in me?  
I don't know what it is but I need to let you know, girl

If you wanna, then baby, clap your hands now  
And if you're gonna, then I can show you how  
'Cause I can give you everything that you'll ever need  
So, baby, take your chances on me

If you wanna, then baby, clap your hands now  
And if you're gonna, then I can show you how  
'Cause I can give you everything that you'll ever need  
So, baby, take your chances on me

If you wanna, then baby, clap your hands now  
'Cause I can give you everything that you'll ever need  
So, baby, take your chances on me
