That's what you told me baby  
That's what you told me baby  
That's what you told me baby  
You drive me crazy

That's what you told me baby  
That's what you told me baby  
That's what you told me baby  
You drive me crazy

I thought I was the one, when we were together  
You would take me to, another place and time  
That I could feel free, you were all  
That I was searching for

That's just when I  
I thought I could lean on you for life  
I thought that the sun would always shine  
But you took my dreams away  
I remember the lies that you told me baby

One, you told me you love me, you need me  
Two, you told me you never deceive me  
Three, you told me you'd always be true  
Four, you told me we're through  
That's what you told me

That's what you told me baby  
That's what you told me  
Tell me was it fun  
Taking my love for granted, that I'm not the one  
Everything we used to share, has up and gone  
I don't need to tell you, you were wrong

That's just when I  
I thought I could lean on you for life  
I thought that the sun would always shine  
But you took my dreams away  
I remember the lies that you told me baby

One, you told me you love me, you need me  
Two, you told me you never deceive me

Three, you told me you'd always be true  
Four, you told me we're through  
That's what you told me

That's what you told me baby  
That's what you told me baby  
That's what you told me baby  
You drive me crazy

That's what you told me baby  
That's what you told me baby  
That's what you told me baby  
You drive me crazy

That's what you told me girl, tell me no lie  
Do you wanna fly super high, super duper high  
No mistakes when I with you, know exactly what I wanna  
do  
Lay you down and pursue, me I'm super fly

'Cause I'm super high, when I'm by your side  
If you like girl, tell me if you like, one if you wanna  
Two if you gonna, three time to jive  
Four, five bring it live

One, you told me you love me, you need me  
(You told me you love me)  
Two, you told me you never deceive me  
(Never deceive me)  
Three, you told me you'd always be true  
(So true, so true, so true baby, baby)  
Four, you told me we're through  
That's what you told me

(You told me you love me, you drivin' me crazy)  
You told me you love me, you need me  
(You told me you love me, you drivin' me crazy)  
You told me you never deceive me  
(You told me you need me, you told me you wanted  
me)  
You told me you'd always be true  
(You told me you need me, you drivin' me crazy)  
You told me we're through  
That's what you told me

One, that's what you told me baby  
That's what you told me baby  
(Told me lies)  
Two, that's what you told me baby  
You drive me crazy  
(Crazy, crazy, crazy, crazy)

Three, that's what you told me baby  
That's what you told me baby  
Four, that's what you told me baby  
You drive me crazy

One, that's what you told me baby  
That's what you told me baby
