There's something bout your eyes  
That makes me search my soul  
They make me try to realise  
I'm trying to be a better man

You got to know what's on my mind  
I will give you all my time  
Oh I feel for you baby, Yes I do  
All I want is you

And when I search my soul I find  
A better place  
To be around  
I'm trying to tell you what's on my mind  
But will I make it through in time

And when I search my soul I find  
You make me wanna be yeah  
A better man

I've never felt so in love  
The way I feel  
When you touch  
Although it doesn't sound that much  
All I have to do is look in your eyes

You gotta know what's on my mind  
I will give you all my time  
I feel for you baby, yes I do  
All I want is you

And when I search my soul I find  
A better place  
To be around  
I'm trying to tell you what's on my mind  
But will I make it through in time

And when I search my soul I find  
A better place  
To be around  
I'm trying to tell you what's on my mind  
You make me wanna be, yeah

A better man,  
Alright

I wanna take you higher  
I wanna reach for the sky  
I wanna show you fire  
I'll never tell you goodbye  
[2x]  
You're on my mind

And when I search my soul I find  
A better place  
To be around  
I'm trying to tell you what's on my mind  
But will I make it through in time

And when I search my soul I find  
A better place  
To be around  
I'm trying to tell you what's on my mind  
You make me wanna be, yeah  
A better man.
