I can't go wrong (I can't go wrong)
Without your love
I will feel strong (I will feel strong)
Without your love

Begins my day
When you're away
From me

I left you 'cause (I left you 'cause)
You didn't make the grade
And since you've gone (and since you've gone)
I've had it made

Evol not love
Evol not love
For me

Da da da da da da da da da da...

Begins my day
When you're away
From me

I left you 'cause (I left you 'cause)
You didn't make the grade
And since you've gone (and since you've gone)
I've had it made

Evol not love
Evol not love
For me

Da da da da da da da da da da...
