First thing every morning  
Last thing every night  
Sound of lovers calling  
Got me uptight

Loving words you say to me just make me wanna never  
stop  
When you hold me, squeeze me, tease me, please me  
makes my heart go  
Mmmm-pop, Mmmm-pop, Mmmm-pop, Mmmm-pop,  
wow!  
Do you believe the sound of love?

You're the kind of woman girls wanna be  
Just the kind of woman to set me free

Loving words you say to me just make me wanna never  
stop  
When you hold me, squeeze me, tease me, please me  
makes my heart go  
Mmmm-pop, Mmmm-pop, Mmmm-pop, Mmmm-pop,  
wow!  
Do you believe the sound of love?

Sound of love, Sound of love, Sound of love, Sound of  
love,

When you whisper in my ear  
Your words tell me what I hear  
Then I hear your voice that calls  
And I know it's just because

Early in the morning  
Last thing at night  
Sound of lovers calling  
I see the light

Do you believe, the sound of love?  
Do you believe, the sound of love?  
Do you believe, the sound of love?
