It's not enough, it's not enough, it never was or will be  
I never had a chance to thank you for ripping out my  
heart

It's not enough, it's not enough, it never was or will be  
I never got the chance to say fuck you

I don't want to be your tourniquet for minor lacerations  
Don't wanna be your Romeo 'cause you're no goddamn  
Juliet

You always did know just what to say  
Insult to injury, you just love to hate me

It's not enough, it's not enough, it never was or will be  
I never had a chance to thank you for ripping out my  
heart

It's not enough, it's not enough, it never was or will be  
I never got the chance to say fuck you

You've got a gun, I've got a gun, let's write a tragic  
ending

Don't wanna be this way again, don't wanna be the one  
to blame

You can have the high roads, I'll take the roads  
Disguise the frailty, I just love to hate you

It's not enough, it's not enough, it never was or will be  
I never had a chance to thank you for ripping out my  
heart

It's not enough, it's not enough, it never was or will be  
I never got the chance to say fuck you

It's not enough, it's not enough, it never was or will be  
I never had a chance to thank you for ripping out my  
heart

It's not enough, it's not enough, it never was or will be  
I never got the chance to say fuck you
