I'm sorry for the Demon I've become  
You should be sorry for the angel you are not  
I apologize for the cruel things that I did  
But I don't regret one single word I said

Just walk away  
Make it easy on yourself  
Just walk away  
Please release me from this hell  
Just walk away  
There's just nothing left to feel  
Just walk away  
Pretend that none of this is real

Would you forgive me  
If I told you that I cared  
Would you be sorry  
If I swore that I'd be there  
Please forgive me  
For laughing when you fall  
I'm so sorry  
But I never cared at all

Just walk away  
Make it easy on yourself  
Just walk away  
Please release me from this hell  
Just walk away  
There's just nothing left to feel  
Just walk away  
Pretend that none of this is...  
None of this is...

Just walk away  
Make it easy on us both  
Just walk away  
There was never any hope  
Just walk away  
You already know the deal  
Just walk away  
Pretend that none of this  
No, none of this was real
