Dead inside eyes as cold as ice  
This pain with in I can't deny  
This time emotion pourin over  
Anger hate joy and bliss and at  
Times it don't compare to this  
And I don't know which way to turn  
I lost my way will I never learn?

They say it's best to have loved and  
To have lost than never to have truly loved  
At all, to try to fail to reach to  
Touch the sun and fall, to win the  
Fight but lose the war, overwhelmed  
I gasp for breath I'm drowning in my  
Own restraints my frustrations clouds  
My mind, I'll walk away leave it behind

My mind is made and there's nothing  
You can say(x4)

What you see, what you see it's not  
Really me a mere shell of what I once  
Was, an empty shell of what I once was(x2)

They say it's best to have loved and  
Lost than never to have truly loved  
At all, to try to fail or reach to

Touch the sun and fall, to win the  
Fight but lose the war, overwhelmed  
Gasp for breath I'm drowning in my  
Own restraints my frustrations clouds  
My mind, I'll walk away leave it behind

My mind is made and there's nothing  
You can say(x4)

They say it's best to loved and lost  
Regardless of the final cost  
I've given all I have to give and in  
The end tell me is it all worth it?

I can't take it will I make it through  
This before it fuckin kills me, this is  
Hopeless I have to stop this before I  
Reach the point of no return, I can't  
Feel it I feel numb now embrace the  
Pain and find the strength to pull  
Through it before I lose it  
I have nothing I am nothing

My mind is made and there's nothing  
You can say(x4)

Look what I've done, Just look what I've done(x3)
