Early one morning at county line  
The swells 4 to 6 approaching 9  
The barrel of my life hit the Malibu Sky  
A Golden State pipe, Conchita was mine

Suddenly a local on a boogie in a thong  
Cut in on my line, my barrel was gone  
Her Pepper dine stud screamed, "Val that's what you  
get"  
I shot him with a gun behind Neptune's Net

Killed a man, I don't know what the fuss is  
I'm just looking for some California Justice  
Killed a man, I don't know what the fuss is  
I'm just looking for some California Justice

Took off in the Mustang for the 395  
Double, double in Mohave, took a left at Lone Pine  
I powered up the top of Mt. Whitney  
They may not have a Jamba juice but here they'll never  
get me

While working my tan, looked down the cliff to see  
A line of black and whites dropped by a yellow Jersey  
Called uncle Arnie said, "What's going on?"  
He said, "New Sheriff in town, name's Lance  
Armstrong"

Killed a man, I don't know what the fuss is  
I'm just looking for some California justice  
Killed a man, I don't know what the fuss is  
I'm just looking for some California justice

Hired a fixer to keep things blurry  
Sent the shuttle to space for the perfect jury  
The judge dropped the bar and to the court decreed  
You can lay down all you like, tell me what you see?

California justice  
California justice

I'm free, heading up the Truckee river

To catch me a brown though the water makes me  
shiver  
Mistake I made was crossing the border  
Casinos for me are cooked and made to order

I didn't intend to kill the dealer last night  
But I doubled down to 20, his 16 pulled a 5  
Now I'm heading back to Cali bound for Tahoe City

Killed a man, I don't know what the fuss is  
I'm just looking for some California justice  
Killed a man, I don't know what the fuss is  
I'm just looking for some California justice

Moral of the story keep, the straight and narrow  
Your eyes on the ball and your hands off the sparrow  
Every country needs one broken arrow  
At least we gave you Ronnie Reagan, Sonny and Chero

I'll meet you down behind Neptune's Net  
Catch my honey in the thong, do you get it yet?  
We'll catch barrels every day, I'm just 'Surfing U.S.A.'

California justice  
California justice  
It's just this, just this
