Jackie was a lamb but she never gave a damn
Now stand up
Caught up in the ring, she fell into a sting
Now stand up
Look into her face, you will see yourself
If you really think about it, she's anybody else

Now, life
Keep it simple, lover
I'll meet you under cover
I'll meet you anywhere that you wanna go
My sweet one
With you it's like no other
Every sister and their brother
Knows that love will drive you on

Danny was a good man, running from the sandman
Stand up
Flew into an airplane, looking for a new train
Stand up
He never had a chance under her romance
The ladies all cried, but he smiled when he died

Now, life
Keep it simple, lover
I'll meet you under cover
I'll meet you anywhere that you wanna go
My sweet one
With you it's like no other
Every sister and their brother
Knows that love will drive you on

I'm waitin' on a midnight fantasy
I'm gonna find my little bit of piece of me (please)
Why you gotta stay so, why you gotta stay so far from
me
Oh oh, oh oh

Life
Keep it simple, lover
I'll meet you under cover
I'll meet you anywhere you wanna go

My sweet one
With you it's like no other
Every sister and their brother
Knows that love will drive you on

Life
Keep it simple, lover
I'll meet you under cover
I'll meet you anywhere that you wanna go
You're my sweet one
With you it's like no other
Every sister and their brother
Knows that love will drive you on
