Jainy sells for three dimes a night
Morning helps her find her way blind
And I love her more than I can tell, yeah

Heaven help me now
Seems I found to find her just as well, yeah

Jainy yeah
Jainy yeah

Jainy takes me three times a night
Morning saves me and I find my way blind
And she loves me more than she can tell, yeah

Heaven help her now
Seems she's found to find me just as well, yeah

Jainy yeah
Jainy yeah
Jainy yeah
Jainy yeah

Jainy stares at stars every night
Morning takes her eyes every time
And she'll love you more than you can tell, yeah

Heaven help us now
Seems you've finally found us, just as well

Jainy yeah
Jainy yeah

Jainy yeah
Jainy yeah
Jainy yeah
Jainy yeah

She'll be all right
She'll be all right
