seems we're all looking for to find
all the little thing that we've left behind
now we may seek, we may find
well i just read between the lines

chorus

to be my jupiter's moon
won't you come around soon
and i love you from the cradle to the grave
the cradle to the grave

we were searching far a wide
for some of those things that we put aside
now we may seek, we may find
well i just read between the lines

chorus

to be my jupiter's moon
won' t you come around soon
and i love you from the cradle to the grave
be my jupiter's moon
won't you come around soon
protect you as you move along the way

she got evrything to live for
with a brave...
so don't dispair this heart ooh
stop it now before it starts

chorus

be my jupiter's moon
won't you come around soon
and i love you from the cradle to the grave
be my jupiter's moon
won't you come around soon
protect you as you move along the way
protect you as you move along the way
and i love you from the cradle to the grave

the cradle to the grave X3

jupiter's moon

come around soon
jupiter's moon X2
