Got to get away from here  
Got to get away from all these thinkers  
Drinking up my thoughts again

Got to get away from here  
Got to get away from all these choosers  
Losers, all my best of friends

Sit back New York City  
You're not cute but you're oh so pretty  
When the rain comes you fall up again

Sunny, you are a part of me  
Sunny, you are the heart of me

Got to get away from here  
Got to get away from all these people  
Who need people, you know it really makes me sick

Got to get away from here  
Got to get away from expectations  
Recreations, just for the sake of it

Sit back New York City  
You're not cute but you're oh so pretty  
When the rain comes you fall up again

Sunny, you are a part of me  
Sunny, you are the heart of me

Sit back New York City  
You're not cute but you're oh so pretty  
When the rain falls you come up again  
Sit back New York City friend

Got to get away from here  
Got to get away from what I'm thinking  
I'm thinking, it's too much for anyone

Got to get away from here  
Got to get away from what you're drinking  
You're drinking, so I'll take another one
