The pattern, I see it so clear
The world shakes, we're tremblin' in fear
We're gonna astray, we've lost direction
The world breaks down in tears

Broken homes, broken dreams
Broken hearts, it's all I see
I see a world down on it's knees

We're begging for mercy
(We're down on our knees)
We're begging for mercy
(We've lost our beliefs)

We're begging for mercy
(We're down on our knees)
We're begging for mercy

The pattern, I see it so clear
The world shakes, we're tremblin' in fear
We're gonna astray, we've lost direction
The world breaks down in tears

Broken homes, broken dreams
Broken hearts, it's all I see
I see a world down on it's knees

We're begging for mercy
(We're down on our knees)
We're begging for mercy
(We've lost our beliefs)

We're begging for mercy
(We're down on our knees)
We're begging for mercy
(We're down on our knees)
