Step into the worldwide madhouse
Meet kings and fanatic believers
Come, play the game of chance among
Noble men and plain deceivers

It hits me with the speed of a bullet
That's just left the muzzle of a gun
And it's just like a roller coaster
Everything carries on

Outside the nightly traffic
And the sound of an ambulance
All I get is the feeling
I've caught the relevance

It's a madhouse
The battle begins
On my doorstep
Trying to get in

It's a madhouse
The battle begins
On my doorstep
Trying to get in

The neighborhood sleeps pretty unknowing
While madness surely wakes me up
The fear I feel, is it unfounded?
I'm awake watching madness nonstop

It hits me with the speed of a bullet
That's just left the muzzle of a gun
And it's just like a roller coaster
Everything carries on

It's a madhouse
The battle begins
On my doorstep
Trying to get in

It's a madhouse
The battle begins

On my doorstep
Trying to get in

It hits me with the speed of a bullet
That's just left the muzzle of a gun
And it's just like a roller coaster
Everything carries on

It's a madhouse
The battle begins
On my doorstep
Trying to get in

It's a madhouse
The battle begins
On my doorstep
Trying to get in
