Frustration is breathing down my neck  
It's right behind, just like a shadow  
Frustration keeps me company  
Wherever I walk it seem to follow

When I turn around, see all these people  
Waiting for salvation to come  
And if you take a look, they're moving like robots  
Waiting for directions from someone

Turn, gotta turn it, let's turn  
Turn the world upsidedown  
Turn, gotta turn it, let's turn  
Turn the world upsidedown

I'm stuck as I, well, as I stand and watch  
The worldwide circus from a distance  
And I wanna be out there like in my dreams  
But I'm sure gonna need some assistance

When I turn around, see all these people  
Waiting for salvation to come  
And if you take a look, they're moving like robots  
Waiting for directions from someone

Turn, gotta turn it, let's turn  
Turn the world upsidedown  
Turn, gotta turn it, let's turn  
Turn the world upsidedown

We're gonna fall  
You know, where gonna fall  
But let's climb back up again

We're gonna fall  
You know, where gonna fall  
But let's climb back up again

Turn, gotta turn it, let's turn  
Turn the world upsidedown  
Turn, gotta turn it, let's turn  
Turn the world upsidedown

Turn, gotta turn it, let's turn  
Turn the world upsidedown  
Turn, gotta turn it, let's turn  
Turn the world upsidedown
