"Hope Still Flies"

It was a dark and stormy night last night.
Bitter dark.
Rain fell in torrents, snapping its nose to the cold.
And Straight through our hearts.
I've been waiting in halfhearted sleep,
For a promise I half meant to keep,
Just been hoping that hope still flies
To wipe the sleep out of our sleeping eyes.

Hope that is lifting, specter of dreams we once had
Speaks into the night.
Slumber is over, sunlight is streaming through.
Come in to the light.
I've been waiting in halfhearted sleep,
For a promise I half meant to keep,
Just been hoping that hope still flies
To wipe the sleep out of our sleeping eyes.

I know Hope has not forgotten me.
I know I'm waking from the longest dream.
I know...I know...I know...I know

I've been waiting in halfhearted sleep,
For a promise I half meant to keep,
Just been hoping that hope still flies
To wipe the sleep out of our sleeping eyes.

And hope still flies...
And hope still flies...
And hope still flies...
