I dont know how this happened,
I didn't think it ever could,
I'm the author of sappy love songs,
Trading in my bachelorhood.
Something snapped deep inside me,
Something that somebody said,
I felt the brush of angel's wings then,
Your voice echoed in my head.

Chorus:

Ugly Day the sun is shining,
Every cloud's got a silver lining.
Ugly day, the skies are blue,
Now every day is ugly without you.

You are the one pure thing,
That I've always prayed for.
Scales are falling from my eyes,
I must have been so blind before.
I would lie down on the street,
To keep the dust off of your feet,
I would kneel each time I kissed you,
Anything, Christie I miss you.

Chorus:

Ugly Day the sun is shining,
Every cloud's got a silver lining.
Ugly day, the skies are blue,
Now every day is ugly without you.

Today was an ugly one,
Just like all the others.
All the flowers and the birds,
Making me feel smothered.
I would lie down on the street,
To keep the dust off of your feet,
I would kneel each time I kissed you,
Anything, Christie I miss you.

Chorus:

Ugly Day the sun is shining,

Every cloud's got a silver lining.
Ugly day, the skies are blue,
Now every day is ugly without,
Ugly Day the sun is shining,
Every cloud's got a silver lining.
Ugly day, the skies are blue,
Now every day is ugly without you.

Whoa!Whoa!Whoa!Whoa!
