The sun is up already
But for some reason I just want to lye her instead.
Everything's a second place to you
Cause and I know you're looking for that applause.

If you don't care anymore
Then I hope I die here in my sleep tonight

Trust me I'm your thoughts over and over
Every night when it gets too hard
But you say that I don't know you
And when he tried to kill you I wasn't there
I wish I was.
Well, I wish we could pick up where we left off.

If you don't care anymore
Then I hope I die here in my sleep tonight

I hope I die in my sleep tonight. [2x]
If you care then I'll care for you
But if you don't care then I don't anymore.
