Poor child  
Cool steel on bone  
Fold or follow  
Abdicate through dire force  
[chorus]  
Poor child  
Where have all your friends gone?  
Little child  
How does it feel to be alone?  
Done deal, proves unsure..  
Loss of guidance  
Brings smiles of comfort forward  
Escape harsh words by breaking their teeth  
14 years of broken ribs and broken dreams  
But is he satisfied?  
His burden was chosen as the vessel broke in their  
eyes  
[chorus]  
Cannot take this anymore  
Were broken  
(why i feel alone)  
With closed eyes  
(why i feel alone)  
And were born  
(why i feel alone)  
To die, why  
[chorusx2]
