Oh ha ha ha ha ha ha ha ooh
Ha ha ha ha ha ha ha ooh

I was lonely, searching for love
Come set me free
Oh so lonely
I can't control this emotion
This feeling inside of me
Then lately there must be a reason
'Cause love has come to me
Oh, so tell me if you are the one
I'm gonna surrender
Oh, you gotta take all of me

Are you really the one, uh, eh
The one for me, uh uh uh
Can this be the one
Were you sent for me

I was wondering is this for real
Or simply just a dream
You made me open my eyes
Now my world is on fire, uh
Maybe you are the reason
Why love has come to me
Oh, so tell me if you are the one
I'm gonna surrender
Oh, you gotta take all of me

Are you really the one, yeah, yeah
The one for me
The only one for me
Can this be the one
Were you sent for me

Oh, will you be there till the end
On you can I depend (can I depend)
Baby, tell me
Will you be there by my side
Tell me you're the only one

Are you really the one, are you, are you
The one for me
The only one for me
Can this be the one
Were you sent for me
Were you sent for me, sent for me
Are you really the one
Are you the one for me
The one who really loves me
Can this be the one
Were you sent for me
Were you, I really gotta know, baby

(Can I depend)

Oh whoa oh oh oh
Are you really the one, yeah, yeah
The one for me
The only one for me
Can this be the one
Were you sent for me (were you sent for me)
Were you sent for me, baby, oh oh oh whoa
(Are you really the one)
Oh, I really wanna know (the one for me)
Really wanna know
Hey, yeah, yeah, yeah
(Can this be the one) can this be the one
(Were you sent for me) oh oh baby, were you sent for
me
(Are you really the one)
Ah ah ah ah ah
(The one for me) ah ah, hey
(Can this be the one) ah baby
(Were you sent for me) were you, were you sent for
me, baby
(Are you really the one)
