Don't wanna watch while you get hurt  
Take my advice  
Don't give it away

Girlfriend, you better listening  
And take my advice

While you're waiting in the midnight  
He's out holding someone tight, hey girl  
Don't be making plans for life  
I wouldn't if I were you  
If you want some satisfaction  
And you're looking for his reaction  
Ah ah, it's just not in his eyes, no  
Why can't you see  
You use your heart and not your head, hey  
Should know by now  
There's no meaning in what's left unsaid  
Watch out for the signs, read

Read between the lines (read)  
Just look in his eyes  
And you'll see the signs  
Read between the lines  
All you gotta do is  
Read between the lines  
Do you hear me?  
'Cause actions speak  
Much louder than his words

Check it  
Out, I've been there before  
Oh oh

You want a lifetime you can treasure  
He wants a moment, strictly pleasure, ooh  
You'd better think it over twice  
You'd better think twice  
he'll break your heart and leave you dry  
Then you sit and wonder why, why  
You could never break through all the ice

Oh yeah, why can't you see  
You use your heart and not your head, hey  
Should know by now  
There's no meaning to what's left unsaid  
Can't you see the signs, oh

Read between the lines (read)  
Just look in his eyes  
And you'll see the signs  
Read between the lines  
All you gotta do is  
Read between the lines  
Do you hear me?  
'Cause actions speak  
Much louder than his words

(Don't wanna watch while you get hurt)  
(Take my advice for what it's worth)  
Do what you want with your life  
Do what you want with your life  
(Don't wanna watch while you get hurt)  
(Take my advice)  
Don't, don't give it away, ooh

Oh no, read between the lines (read)  
Just look in his eyes  
And you'll see the signs  
Read between the lines  
All you gotta do is  
Read between the lines

Oh no, (Read between the lines) (read)  
Just look in his eyes  
And you'll see the signs  
Read between the lines  
All you gotta do is  
Read between the lines  
Ah, do you hear me?  
Do you hear me?  
'Cause actions speak  
Much louder than his words

(Read between the lines) (read)  
Not telling you how to run your life  
(Read between the lines)  
All you gotta do is  
Read between the lines  
Oh no, read between the lines  
Not telling you how to run your life  
(Read between the lines) Oh  
All you gotta do is

All you gotta do is, oh no  
(Read between the lines)  
Read, read, read, read, ah ah, ah ah  
(read between the lines) Oh  
Oh you gotta do it  
Oh you gotta do it  
(Read between the lines) (read)  
(Read between the lines)
