Ha mmm, hah baby
Ha mmm uh

Sick of leaving always
Getting nowhere fast enough
To let me know each time you go away
You're feeling nothing for me
But baby this time have to, mmm
Say you really love me
And together tonight
We'll make a toast to our new love
Let's make it happen

CHORUS:

Cause baby someone's in love
And no one's to blame
Someone could lose
A part of their heart
It's feeling misused
Is sometimes a way of love
Someone's in love
You know from the heart, baby

If something good could happen to me, baby
In my life to chase the hurt away
I would like to know
If your love still remains
I'll never stop wanting you
But baby this time have to, mmm
Try your least to hurt me
And together tonight
We'll make the most of our new love
We'll make it happen

REPEAT CHORUS

Some
Someone's in love, uh

You know sometimes
I wonder about me, about you, together

Ahuh, I know
Cause someone's in love
But no one's to blame

Cause baby, someone's in love
Someone could lose
A part of their heart
It's feeling misused
Is sometimes a way of love
Someone's in love
You know from the heart

CHORUS 2:

Someone's in love (someone's in love)
And no one's to blame
Someone could lose (someone's in love)
A part of their heart
It's feeling misused (someone's in love)
Is sometimes a way of love
Someone's in love (someone's in love)
You know from the heart

REPEAT CHORUS 2

Someone's in love

Someone's in, some-someone's in
Some, someone, some someone, some so-so-so-some
Someone's in, some-someone's in
Some someone's in, some, some-so-so-some
Someone's in, some-someone's in
Some-so-so-so-some, so-so-some, so-so-some
Someone's in, some, someone's in, so-so-some, so-so-
some

Someone's in love (someone's in love, ooh baby)
Someone could lose (someone's in love, ah, ah)
It's feeling misused (someone's in love, mm baby)
Someone's in love
