Watching all the films as they go back in time  
Waking all the pictures, but I never knew why you went  
Rivers run dry  
Reading all the letters made up my mind  
Never thought that moment would have ever been  
mine  
But then I threw it all away

You were nearly mine until yesterday  
'Til I found out you were playing around  
While I was waiting for you, so

Stay out of my life  
I don't wanna know the truth  
Stay out of the darkness  
While I'm reaching for you  
Stay out of my life  
I don't wanna know the truth  
Cause the memories surround my mind  
Oh you can never forget a broken heart

Two long hard years, I fought back the tears  
It took a lot of pressure  
To admit that I was right back where I started from  
Rivers run dry  
All you lonely people without a love  
There a scientific senses coming down from above  
To find nothing there to hold

You were nearly mine until yesterday  
'Til I found out you were playing around  
While I was waiting for you, so

Stay out of my life  
I don't wanna know the truth  
Stay out of the darkness  
While I'm reaching for you  
Stay out of my life  
I don't wanna know the truth  
Cause the memories surround my mind  
Oh you can never forget a broken heart

Never forget the day you took my love  
You were leading me on  
Ooh, it's taking me over  
I never thought I'd have the price to pay  
I had it all wrong, now it's all over

Stay out of my life  
I don't wanna know the truth  
Stay out of the darkness  
While I'm reaching for you  
Stay out of my life  
I don't wanna know the truth  
Cause the memories surround my mind

Stay out of my life  
I don't wanna know the truth  
Stay out of the darkness  
While I'm reaching for you  
Stay out of my life  
I don't wanna know  
I don't wanna know, no no no

Stay out of my life  
I don't wanna know the truth  
Stay out of the darkness  
While I'm reaching for you  
Stay out of my life  
No no oh  
Stay out of my life, yeah  
Stay out of the darkness
