So you got what you want out of me  
Took me for the ride but you never bothered saying  
goodbye  
No return, I burn  
Everything you learned put me in detention  
Now you've got so much attention from me  
But I'd do it again

Cause when she starts leaving  
My heart stops beating once again  
And when she starts waving,  
My heart starts breaking up again  
But I'd do it again

So I got what I want out of you but I choose to keep real  
close  
Keep it so nobody knows  
What I have, is all that I have from you  
And I'm so afraid of losing,  
And I'm so afraid of bruising  
Cause I've been here before but I still want more and I?  
d do it again, I'd do it again

Cause when she starts leaving  
My heart stops beating once again  
And when she starts waving,  
My heart starts breaking up again  
But I'd do it again

(x2)  
No return, I burn  
Everything you learned put me in detention  
Now you've got so much attention from me

But I'd do it again, I'd do it again

Cause when she starts leaving  
My heart stops beating once again  
And when she starts waving,  
My heart starts breaking up again  
But I'd do it again
