I really meant to make you sad
I really meant to make you cry
'Course I meant to date your friends
That's just the way it is
Don't even ask me why

Love has a simple way
It lures you to it's stupid game
Just when you think you've got it right
Love sure puts up a fight

That's what love can do
Rip your fucking heart in two
You might just say I'm wrong
It's the honest love song

I really meant to fuck up your whole day
I really meant to lead you on
You took me to your favorite bar
I left with some girls
And it's probably your fault

Love has a simple way
It lures you to it's stupid game
Just when you think you've got it right
Love sure puts up a fight

That's what love can do
Rip your fucking heart in two
You might just say I'm wrong
You might just say I'm wrong
That's what love can do
Rip your fucking heart in two
You might just say I'm wrong
It's the honest love song

I just tell it like it is
I'm the kind of guy
Who likes to shoot from the hip
Love can leave you all alone
Love can knock you off your silly stupid throne

Love has a simple way
It lures you to it's stupid game
When you think you've got it right
Love sure puts up a fight

That's what love can do
Rip your fucking heart in two
You might just say I'm wrong
You might just say I'm wrong
That's what love can do
Rip your fucking heart in two
You might just say I'm wrong
It's the honest love song
