Na na na na na  
There's nothing that I can do  
Na na na na na  
There's nothing that I can do

I see you and I see me  
Further apart, we could not be  
I see your head up in the sky  
We hang about it's no surprise  
Know I've got to make you mine mine mine

Cause I can see past the boys and the cars  
Those fake ass friends and late night bars  
When you look at me with your eyes wide  
I'm staring right inside

Even if  
I was blind  
Even if my eyes  
Were dark inside  
I still see all  
The wonderfull in you  
You deserve  
So much more  
You deserve  
To be adored  
You stole my heart  
There's nothing I can do  
Cause I see the real you

Na na na na na  
There's nothing that I can do  
Na na na na na  
There's nothing that I can do

I see you and I see me  
They say that we could never be  
You turn my planet upside down  
Your love's so strong I can't slow down  
My feet are never gonna touch the ground

Cause I can see past the boys and the cars

Those fake ass friends and late night bars  
When you look at me with your eyes wide  
I'm staring right inside

Even if  
I was blind  
Even if my eyes  
Were dark inside  
I still see all  
The wonderfull in you  
You deserve  
So much more  
You deserve  
To be adored  
You stole my heart  
There's nothing I can do  
Cause I see the real you

Na na na na na  
There's nothing that I can do  
Na na na na na  
There's nothing that I can do

You deserve so much more  
You deserve to be adored  
For who you are and what you know  
You're gonna steal the show

Even if  
I was blind  
Even if my eyes  
Were dark inside  
I still see all  
The wonderfull in you  
Cause I see the real you

Na na na na na  
There's nothing that I can do  
Na na na na na  
There's nothing that I can do  
Na na na na na  
There's nothing that I can do  
Na na na na na  
There's nothing that I can do
