Look at me, do you see anything you want?
I do, when I look at you
Three words unheard
A verse that I should say, to you
But there's just no use

Cause I'm shy around the edges
Til I know what I should mention
And my thoughts are still on catchin' up
to leave my mouth
I'm thinking I should wait
But it's getting kinda late
And I sure would really hate to leave
the same old way tonight tonight

(bridge)
'Cause I want you,
And I need you,
And I don't think I could leave with this in mind
So ohhh this time

Mentally uncomplicated
Never speaking hopefully
The product of my motto
Will be something that my mother had said
But ohh instead

And I'll say the wrong words
And you'll move onward
Cause I'm a coward
I don't know how to work this out

(chorus)
But I'll save it for later
Cause I'm a terrible moderator
On what's happenin'
I don't know where to begin
So I'll save it for later
Til I get a little more creative
Cause just sayin' it, won't make it right, oh no

So look at me, do you see
That everything you want is here?
But it's far from near

And I'm a little more redundant than I ever could've
thought it
I'm a little more redundant than I ever could've thought
it
Well I tonight, deny that I
Never ever try to get a three word line to you

(bridge)
(chorus)

ooh tonight
ooh tonight
Well I tonight, deny that I
Had never really tried
To get a three word line to you
