You say that we need to talk
But you ain't said a word
But trust me baby it's all crystal clear.
You're doing anything and everything to dance around
the hurt
You're trying hard to muster up a tear

But save yourself the trouble,
Boy, don't go wastin' your time
Are you wastin' mine?
I don't need your reasons why
Don't you worry your pretty little head about me
I'll be just fine
Oh, I'll be just fine

You need some time, you need some space and I
deserve much more
You say you've changed, we're in a different place
Yeah it's not me and blah blah blah
I've heard it all before
So before you go and throw your breath away

Save yourself the trouble,
Boy, don't go wastin' your time
Are you wastin' mine?
I don't need your reasons why
Don't you worry your pretty little head about me
I'll be just fine

This time when you walk out the door
It won't be like it was before
When you wake up and want to change your mind

So, save yourself the trouble,
Boy, don't go wastin' your time
Are you wastin' mine?
I don't need your reasons why
Don't you worry your pretty little head
No, don't you worry your pretty little head about me
I'll be just fine
Oh, I'll be just fine
