Turn it up, turn it up, turn it up
Turn it up, turn it up

Hey yo! Hey yo! Hit me hit me no
Captain, crew, we're 'bout to fly low
Gonna hold it steady, but you never know
Read the meter, watch with the roll

Navigator pad, navigator hold
Ride in superstorm in full control
Bump with jump, bounce really funk
Just a little turbulence comin' right at front

Turn it up, turn it up, can you feel the fire burning
Turn it up, turn it up, do you feel my heart?
(It's beating)
Turn it up, turn it up, can you feel desire
[Incomprehensible]
Turn it up, turn it up, let the fire show, don't let go

Lock and load, raise that pressure
Right to the edge, maximum and better
Pass the limitation, this is not a drill
Fell the drum bling, drumming on the still

Attention arouses high adrenaline, pumping in your
veins
Warning! Warning! Lights go mad your functions fail
Ain't no room for error, you gotta prevail

Turn it up, turn it up, can you feel the fire burning?
Turn it up, turn it up, do you feel my heart?
(It's beating)
Turn it up, turn it up, can you feel desire
[Incomprehensible]
Turn it up, turn it up, let the fire show, don't let go

No, don't let go
Don't let go
Don't let go
No no no

What we are, we've only one shot
S on you, you gotta beat all the odds
Situation's outta hand, situation is critical
Depending on you, depending on the miracle

No surrender those survivor soul
I gotta reach the divine, eye of the storm
Let this be your finest hour and the lion roar
Give you more power

Turn it up, turn it up, can you feel the fire burning?
Turn it up, turn it up, do you feel my heart?
(It's beating)
Turn it up, turn it up, can you feel desire
[Incomprehensible]
Turn it up, turn it up, let the fire show, don't let go

Turn it up, turn it up, can you feel the fire burning?
Turn it up, turn it up, do you feel my heart?
(Do you feel, do you feel it now)
Turn it up, turn it up, can you feel desire do you feel
Turn it up, turn it up, let the fire show, don't let go
