### Verse 1

So there we were, at a party I was holding your hand  
We made out to the sound of the rock band,  
If I remember things right  
Then you asked, if we could take a drive  
I said ok, let's go, and to everyone you said goodbye

### Chorus

I remember it was dark, and we were sitting in my car  
at the park  
And you told me, that we would never fall apart  
And I said, this is the best thing, that has ever  
happened to me  
Then you told me that you loved me, as a matter of fact  
I remember it clearly  
You said, that we were, meant to be

What ever happened, didn't you say,  
That we would be, something, someday  
But now it's gone, now it's lost, and has all faded away

### Verse 2

Where do we go from here,  
Do we act like this thing never happened,  
Or that this thing doesn't matter  
Now let's get this clear,  
You broke up with me don't you know  
Now you want me back you're the one that let me go

### Chorus

Remember it was dark, and we were sitting in my car at  
the park  
And you told me, that we would never fall apart  
And I said, this is the best thing, that has ever  
happened to me  
Then you told me that you loved me, as a matter of fact  
I remember it clearly  
You said, that we were, meant to be

What ever happened, didn't you say,  
That we would be, something, someday---

But now it's gone, now it's lost, and has all faded away
