You say it's only meant for my eyes (but now i know)
Love is the oldest link to demise
I will be sure to savour those times
And not let you poison me for the bona fide

The leg up their acceptance gives you only
Ends up with you pissing on your self

You say it's only meant for my eyes (but now i've
grown)
You'll never poison me for the bona fide

The leg up their acceptance gives you only ends up
with you pissing on your self (x4)

E nie meanie mini moe
Catch a traitor by the toe
If she hollers let her go
E nie meanie mini moe

Summer dinners with others
The lives of limited lovers
I know you live in another
Contingency plan for the failing smother

Tip tip tippy toe

Tippy toe trial
Test the waters in my confidence
To hell with the consequence

Well time will heal and lives will sequel
The salt will sting and go
I look forward to resurgence
With redefined vista sewn

And their wickeds slide
Into their crimson holes
And will meet a fate in death
That will coenside and justify
The vengence you've dreamed of?.

I will heal I know
I will heal I know

Don't be sad!

What I didn't know. What I didn't know
Is that all things pass.
